Thank you Dante!

Your final version looks great! I really appreciate all the "assumptions"..

I'm going forward, requesting the PR to get it moving.

Let's plan for a scoping call on August 6th at 3:00 pm PST. I will move this quickly, I've already spoken with the CO with our plan, etc.

Please remember to take a copy of the Final Statement of Work with you for our discussion during the scoping call. I'll leave you a voicemail to confirm scoping call with date/time.

Thanks!

Maria

Hi Maria –

Attached is my revised SOW that addresses your comments. I attached the redline version and the clean version.

Also attached is my IGCE. Let me know if you have any questions or need me to do anything else.
